### Correction to: J Philos Logic

<https://doi.org/10.1007/s10992-019-09529-5>

The version of this article that was originally published online unfortunately contains mistakes introduced by the publisher during the production process. The version of record that now appears online, as well as the print version of the article, have been corrected. The mistakes which were introduced occurred on the second page of Section 2. Corrections are described in the following list:

- 1) " $\Delta P$ " on the line which begins "For (ii), let" should instead read " $P \rightarrow \Delta P$ "
- 2) " $P \vdash_{SV} P \rightarrow \Delta P$ " on the line which begins "To show that *SV* fails" should read " $P \vdash_{SV} \Delta P$ "
