The Editor-in-Chief has retracted this article [1], which was published as part of special issue “Multi-source Weak Data Management using Big Data”, because its content has been duplicated from an unpublished manuscript authored by Her-Chang Chao and Tzuo-Yau Fan without permission. In addition, there is evidence suggesting authorship manipulation and an attempt to subvert the peer review process.

Author Chao Xiong agrees to this retraction. Authors Yuan Li, Xia Han, Hongwei Du, and FengYou He have not responded to correspondence about this retraction.
