The Editors-in-Chief are publishing a Correction to this paper, on behalf of the author.

Due to a typing mistake in the latex file, this equation has printed incorrectly in the manuscript. The correct form of the equation is:

$$\alpha^* = \underset{\alpha}{\operatorname{argmin}} \left\{ \hat{R}(f_{\alpha}, D_n) \right\}$$

Summarized below is the correct method of symbols in the table which have been written incorrectly in manuscript.

| Misprinted in the manuscript | Correct way of the symbols |
|-------------------------------|-------------------------------|
| Z | z |
| W_{ij} | w_{ij} |
| Output of LSTM model $x(t+1)$ | Output of LSTM model $h(t+1)$ |

The mention of Fig. 7 is again incorrect. This is the actual reference to Fig. 6.
