The Editor-in-Chief has retracted this article because an investigation by the publisher found manipulation of the peer review process and of the authorship. The article was submitted to be part of a guest-edited issue. Based on the investigation's findings, the Editor-in-Chief therefore no longer has confidence in the results and conclusions of this article. None of the authors has responded to correspondence from the Publisher about this retraction.

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
