Anniversary within the editorial staff

For the past 25 years, Prof. Dr. Ulrich Hasenkamp has been the head of the editorial staff of the WIRTSCHAFTSINFORMATIK journal. For many years, he has been a member of the journal's editorial board and from 1992 to 2000 he held the office of the editor-in-chief. During this time and partly until today, he has been responsible for the sections WI – Short Notices, WI – Online, and WI – Calendar of Events.

On the occasion of this anniversary, I am grateful to Professor Hasenkamp on behalf of the entire editorial board for his extraordinary commitment and outstanding services to the journal. He significantly contributed to the journal's quality and professional appearance by means of his editorial work. I hope that Professor Hasenkamp remains closely linked to us and will continue to vigorously support us with his expertise and commitment.
