Correction to: *Journal of the Operational Research Society* (2008) **59**, 725–728

The review of ‘A Course on Queueing Models (Hardcover)’ in the Book Selection published in Volume 59, Number 5 of

the journal (p. 727) should have stated that the authors are JL Jain, SG Mohanty and W Böhm and not just JL Jain. Also, the affiliation of the reviewer Ben Atkinson is ‘London Metropolitan University’ not ‘University of North London’.
