

Message from High Performance Computing and Communications 2022 Steering Chairs

Welcome to the 24th IEEE International Conference on High Performance Computing and Communications (HPCC 2022). It is our great pleasure and honor to hold HPCC 2022 in Chengdu, China, on December 18-21, 2022. On behalf of the HPCC steering committee and HPCC 2022 organizing committee, we would like to express our cordial welcome and high respect to all participants.

High Performance Computing and Communications has moved into the mainstream of computing and has become a key technology in determining future research and development activities in many academic and industrial branches. HPCC 2022 will provide a high-profile, leading-edge forum for researchers, engineers, and practitioners to present state-of-art advances and innovations in theoretical foundations, systems, infrastructure, tools, testbeds, and applications for the HPCC, as well as to identify emerging research topics and define the future.

An international conference can be organized by supports and great voluntary efforts of many people and organizations and our main responsibility is to coordinate various tasks carried out with willingness and by talented volunteers. We would like to thank the General Chairs Jack Dongarra (University of Tennessee, USA), Kenli Li (Hunan University, China), and Hai Jin (Huazhong University of Science and Technology, China) for very successful organization of HPCC 2022. We would like to express our special thanks to the Program Chairs Yunquan Zhang (Chinese Academy of Sciences, China), Jidong Zhai (Tsinghua University, China), and Rajiv Ranjan (Newcastle University, UK) for making an excellent technical program with a strict review process. We would like to greatly appreciate the Special Session Chairs Md Arafatur Rahman (University Malaysia Pahang, Malaysia), and Laizhong Cui (Shenzhen University, China) for their great supports. We also thank all chairs and committee members of the HPCC 2022 for their great contributions to HPCC 2022 conference. We would like to express our appreciation for the excellent work of the publicity chairs for advertising and promoting our conference, as well as the web chairs and the conference organization team for excellent arrangement of the conference.

Finally, we also would like to take opportunity to thank all the members of the organizing committee, the technical program committee as well as all of the authors who submitted papers and the reviewers who reviewed submitted manuscripts.
