HONORARY EDITOR

Heinz Zemanek[†], Wien

DE GRUYTER
OLDENBOURG

it – Information Technology is a strictly peer-reviewed scientific journal. It is the oldest German journal in the field of information technology. Today, the major aim of **it – Information Technology** is highlighting issues on ongoing newsworthy areas in information technology and informatics and their application. It aims at presenting the topics with a holistic view. It addresses scientists, graduate students, and experts in industrial research and development.

it – Information Technology is the organ of the faculties Technical Informatics and Computer Science in the Life Sciences of the German Informatics Society (GI – Gesellschaft für Informatik e.V.) and faculty Technical Informatics of the Information Technology Society (ITG) within the VDE (Verband der Elektrotechnik, Elektronik und Informationstechnik e.V.).

it – Information Technology was founded as **Elektronische Rechenanlagen** in 1959. To live up to the changes in the scientific and technological world it changed its name and shape several times. In 1986 it became **it – Informationstechnik** and **it+ti – Informationstechnik und Technische Informatik** in 1993. In 2002, the journal got the current name **it – Information Technology**.

Contents

Physiological Computing

Guest Editors: Thomas Kosch und Miriam Hassib

Host Editor: Andreas Butz

Editorial

Thomas Kosch and Mariam Hassib

Foreword: Physiological Computing — 143

Regular Papers

Misahael Fernandez, Florian Mathis, and Mohamed Khamis

GazeWheels: Recommendations for using wheel widgets for feedback during dwell-time gaze input — 145

Sarah Faltaous, Aya Abdulkamsoud, Markus Kempe, Florian Alt, and Stefan Schneegass

GeniePutt: Augmenting human motor skills through electrical muscle stimulation — 157

Jakob Karolus and Paweł W. Woźniak

Proficiency-aware systems: Designing for user reflection in context-aware systems — 167

Distinguished Dissertations

Jakub Tarnawski

New graph algorithms via polyhedral techniques — 177
